PROFILE SUMMARY

Java Developer with skills in Core Java, Spring Boot and backend application development. Strong understanding of OOP, JDBC, MySQL and problem solving concept

TECHNICAL SKILLS

Programming Language :	Core Java, OOP, Collections Framework, Multithreading, Exception Handling and MySQL
Frontend Technologies :	HTML, CSS, JavaScript
Backend Technologies :	Java, Spring Framework & Spring Boot, Spring Security, Spring Data JPA, Hibernate, RESTful APIs, JWT Authentication, JSP and Apache Tomcat
Databases & Tools :	MySQL, Git, GitHub, IntelliJ IDEA / VS Code, Maven, Postman
Core Computer Science Concept:	Data Structure & Algorithms (DSA), Database Management System(DBMS), Software Engineering(SE) and Operating System(OS)

PROJECTS

E-Commerce Backend Application

Technologies : Java, Spring Boot, Spring Security, JWT Authentication, Spring Data JPA, Hibernate, REST APIs, MySQL, Maven, Git, GitHub, Postman, Apache Tomcat

- Developed a secure E-Commerce Backend Application using Spring Boot and RESTful APIs.
- Implemented JWT-based Authentication and Role-Based Authorization using Spring Security.
- Designed and managed Product, Category, Cart, CartItem, and User modules.
- Built CRUD operations and custom API endpoints for product and cart management.
- Used DTO Pattern and ModelMapper for clean API responses and request handling.
- Implemented exception handling and validation for robust backend processing.
- Managed source code and version control using Git and GitHub.

Real-Time Chat Application

Technologies : Spring Boot, WebSocket, STOMP

- Developed a real-time messaging application using WebSocket and STOMP.
- Enabled instant bidirectional communication between users.
- Implemented message broadcasting and live updates.

Kashi Tourism Portal

Technologies : Java, JSP, Servlet, Hibernate, MySQL, HTML, CSS, JavaScript, Session Management

- Developed a dynamic tourism web application to showcase famous temples, ghats, and tourist attractions of Kashi (Varanasi).
- Built interactive web pages using JSP, HTML, CSS, and JavaScript.
- Integrated Hibernate with MySQL for database operations and data persistence.

Banking System (Multithreading) : Java, OOP, Collections Framework, Multithreading, Exception Handling

Email Verification & OTP System : Java, Spring Boot, Spring Mail, OTP Verification

EDUCATION

Bachelor of Computer Applications (BCA)

Kashi Institute of Technology, Varanasi

Expected Graduation: 2027 | Current CGPA: 7.5/10
